

## MAGNAPRINT® HYBRID FUSION PRINTING STARTER KIT

MagnaPrint® Hybrid Fusion Range has been designed to offer customers a non-glossy, high solids under-base and topcoat for use with the latest digital hybrid systems.

The MagnaPrint® Hybrid Fusion Range has excellent elasticity, softness, print performance and open time on high mesh screens.

### STARTER KIT CONTENTS

The MagnaPrint Hybrid Fusion Printing Starter Kit contains Hybrid Fusion inks for use with Digital printing systems.
